# What's Cool Everywhere Else

## Hot Pocket

Katoi, the Pocket Kitchen from **MAISTRI**, is a multifunctional kitchen element that can be fitted with a sink, cooktop, dishwasher and even an oven. Simple, clean, open and inviting, it allows for maximum usage of space by optimizing interior and exposed work areas and also contains an eating bar that can be flipped down for social interaction and up again to add needed space or to hide dirty dishes. The unit is made from zebrawood. **Circle No. 211**

## Fill 'Er Up

**Danze** has added two new traditionally styled pot-filler faucets to its kitchen offerings: the Fairmont Wall Mount Pot Filler and the Fairmont Deck Mount Pot Filler. Featuring solid brass construction, each faucet has a two-piece articulated spout and is available in chrome, stainless steel, oil-rubbed bronze and distressed nickel. The wall-mount unit (shown) extends up to 21 in. from the wall and folds out of the way when not in use, while the deck-mount model rises 12 in. above the counter and comes with a 3-in. riser for added optional height. **Circle No. 212**

## Boxed In

**Avec** from **Kos** is a multifunctional shower box made of glass and aluminum. Available in two sizes—Avec Moi for one bather, Avec Toi for two—in freestanding, wall and corner versions, it can be accessorized with radio and a touch screen and comes standard with Turkish bath, the maker's idrocolore system, a central showerhead and vertical hydro-massage jets. It is offered in black and white gloss lacquer finishes. **Circle No. 213**

## Lighten Up

Ideal for installation above countertops, tabletops and bars, **W.A.C. Lighting's** Quick Connect Glass Ceiling Pendants feature cased glass shades in striking orb designs. Available in fiery amber and glossy caramel with bronze hardware, each pendant is crafted with blown glass and supported by 6 ft. of braided cable and plated die-cast brass fittings. They can be used on a low-voltage linear track, line-voltage system or Flexrail2 (the company's two-circuit line-voltage rail); or suspended individually as monopoints or in a group as multipoints. **Circle No. 214**

## Infinite Wisdom

Designed by Nespoli & Novara, Infinity from **Rapsel** is a modular system of minimalist countertops and washbasins available in a range of sizes. Made from Parapan, a 100-percent-recycled acrylic material, the line includes single and double washbasins and storage compartments that are offered with doors or drawers. **Circle No. 215**

## Urban Plan

Inspired by the textures, colors and architecture of a contemporary urban metropolis, **Eliane's** Contemporanea line of large-format porcelain tiles is available in three sizes: 12 in. x 24 in., 24 in. sq. and 18 in. x 36 in. Three neutral colors—mocca, concreto and off-white—are offered in natural (textured) and lapado (smooth) surface finishes, while two bold colors—ferrugem (green with touches of orange) and petrol (navy with touches of red)—come in lapado and a metallic iron version. A wide range of inserts and borders are also available in a range of patterns. **Circle No. 216**

## Hooded Look

Designed for use over cooktops on kitchen islands or peninsulas, **Zephyr's** sleek Roma Island range hood combines power, convenience, ease of installation and affordability. Part of the company's Europa Collection, it is offered in 36- and 42-in. widths and equipped with a 600-cfm, three-speed blower, halogen lighting and easy, push-button controls. An optional recirculating kit is available for ductless venting. **Circle No. 217**

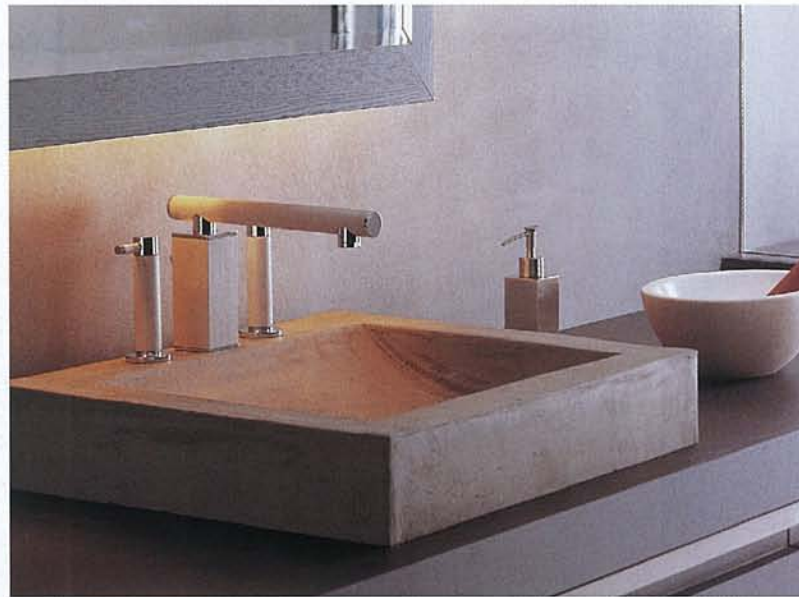

Introducing

# TOH

## Creative Legacy of Asia

The TOH (which means porcelain in Japanese) is composed of only premium quality porcelain. First made in China and characterized by its whiteness, delicate appearance and translucence, Asian porcelain is prized for its beauty and strength. Truly a one of a kind product, the TOH series is made possible by this inherently Asian material.
