1 **Andrea Michaelson Design's** engraved-metal and metallic-stone tiles bring a distinctive texture and sheen to your interiors. Pictured are samples of the copper and nickel metallic stones, the engraved-fencing metal plate in burnished brass (far left), and the engraved-turf metal plate in antiqued silver. The tiles are all suitable for wet or dry applications; to the trade. andreamichaelsondesign.com, 310-908-2800

2 Designer **Fu-Tung Cheng** devised the shapely Okeanito hood as part of his limited-edition collection for **Zephyr**

Ventilation. The 48"-w. fixture is outfitted with dimmable LED lights and comes in black-mirror-stainless (shown), rose-gold, or stainless-steel finishes, as well as in two smaller sizes; to the trade. zephyronline.com, 888-880-8368

3 Enamel number plates from **Kaufmann Mercantile** have been handcrafted by the same French family-owned company for more than a century. Available in white (pictured) and navy, they measure 4" x 6"; \$18 each. kaufmann-mercantile.com, 844-716-8511

4 Provençal charm meets serious culinary capability in **Lacanche's** Citeaux range. Handmade in Burgundy, France, the 59.25"-w. porcelain-enamel stove features dual-fuel heating and a customizable cooktop. Shown in olive with brass trim, it comes in 24 colors; from \$12,800. frenchranges.com, 800-570-2433

5 Semiprecious black agate accents add soigné flair to the classic silhouette of **the Nanz Co.'s** deck-mounted sink fittings. The set is offered in several finishes, including burnished brass (above); to the trade. nanz.com, 212-367-7000 —**HADLEY KELLER**
