We are excited to announce our new ADA (Americans with Disabilities Act)-compliant Presrv™ Single Zone Beverage Coolers and Dual Zone Wine Cooler. The new Presrv Beverage Cooler and Dual Zone Wine Cooler meet ADA standards by fitting seamlessly below 32-inch countertops. All models feature field-reversible doors with a door lock and PreciseTemp™ temperature control for maintaining accurate temperatures.

The ADA-compliant Presrv Beverage Cooler is available with either a solid stainless steel door or a glass door with stainless steel trim. Both models feature a Full-Extension Wood Rack to perfectly chill wines and craft brews, and two adjustable glass shelves that hold 7 bottles and 112 12oz cans. The cooler is ENERGY STAR® rated and goes down to 34-degrees Fahrenheit, which is the ideal temperature for storing soda and beer.

The ADA-compliant Presrv Dual Zone Wine Cooler is designed with two distinct temperature zones for storing both red and white wines. Featuring four Full-Extension Wood Racks with a large diameter 7-bottle rack for bottles such as Champagne, Pinot Noir, or Burgundy. The cooler holds up to 37 bottles and features 3-color LED Lighting in Cloud White, Deep Blue, and Amber.
