

ZEPHYR

PRESRV™ REFRIGERATION

Wine is a part of your life— a really good part. Store and serve it perfectly with Presrv.™

SO COOL

Regulating the temperature of wine is important. Even minor fluctuations in temperature can affect flavor profiles and the ability to age. A temperature-stable storage environment is key to having confidence in every bottle you open—whether it's wine or any other beverage you are serving.

SOMETHING'S FISHY

As much as you love keeping salami, smoked salmon and gorgonzola in your fridge for impromptu get-togethers—your wine does not want to be stored alongside your robustly-scented snack foods. Having a dedicated cooler not only keeps wine away from unwanted odors, it keeps all your beverages at a ready-to-enjoy temperature.

STEADY AS SHE GOES

Disruptions in the aging process such as vibrations can affect flavors and rapidly spoil or flatten the taste. Wine needs to rest in a still environment until it's opened. The Vibration Dampening System ensures noise and vibration are reduced to minimize wine disturbance.

LIGHTS OUT

A brightly lit environment will damage wine over time, resulting in cloudiness and unappealing odors. Sunlight, fluorescent light, and UV light are all equally detrimental to your precious bottles—so even though you'd love to show off your newest acquisitions, please don't display your wines on the kitchen counter. All Presrv™ Wine & Beverage Coolers include dual-pane, argon-filled glass, which improves insulation to minimize heat exchange and increases soundproofing characteristics.

PRESRV™ WINE & BEVERAGE COOLER SHARED FEATURES

Door Open Alarm

Full-Extension, Black Wood Racks

Adjustable, Transparent-Gray Glass Shelves with Airflow Openings*

34°

CUSTOMIZE YOUR SPACE WITH PRESRV™

Brushed Gold
Contemporary Handle

Matte Black
Contemporary Handle

Stainless Steel
Contemporary Handle

Stainless Steel
Professional Handle

Complement your interior design with one of our bold accessory handle options in a range of finishes. All single-door coolers come standard with field-reversible door brackets included.

Retractable Quarter-Shelf
Available on PRB24C01CG, PRB24C01CBSSG, PRB24C01CPG and PRPB24C01AG

A convenient glass retractable quarter-shelf maximizes space and gives you the flexibility to display taller bottles such as water, soda liters or champagne.

Mix & match all your favorite varieties, no matter the size. Our 7-bottle racks feature improved spacing for the entire collection.

Panel-ready wine & beverage coolers can be designed with custom 5/8" - 3/4" depth overlays to blend seamlessly into any cabinetry.

Introducing the life of the party

STYLE ON TAP

Meet the industry-first Kegerator & Beverage Cooler—now you have the option to store multiple keg configurations alongside soda and other bottled drinks in the newest addition to our product line, and serve up great parties, every time.

Indoors or out, you've got everyone's favorites on hand. It's the ultimate in entertaining, no matter what kind of gatherings you host.

From Inside Job to The Great Outdoors

INDOOR

This sleek stainless steel and glass model allows for multiple keg configurations and features a display window in the door, two black trim and glass bottom shelves, and mood-setting 3-Color LED lighting. Can be built-in under a countertop or freestanding.

OUTDOOR

Brave the elements with a stainless door, pro handle, kickplate with lock, optional casters and a drink guardrail, plus beautifully illuminating LED lighting. Can also be used indoors.

Both indoor and outdoor models allow for multiple keg configurations and will easily function as a beverage cooler when a keg is not installed.
