Hosting the ultimate party relies on guest dynamics, a perfectly curated playlist and, most importantly, whether everyone’s favorite drinks are on-hand and chilled to perfection. Expanding on its collection of Presrv™ Wine & Beverage Coolers, Zephyr has ensured the party giver’s status as the host or hostess with the most—refreshing drinks—with its new Presrv™ Kegerator & Beverage Cooler. Featuring five distinct configurations, this industry-first hybrid allows for single, double and triple tap kegerator options, which then easily converts to a beverage cooler when no keg is installed. Zephyr’s president, Luke Siow says, “Whether you’re hosting a party or simply want all of your family’s favorite beverages available both indoors and out, our customizable Kegerator & Beverage Cooler’s superior craftsmanship and performance elevates any entertainment opportunity.”

“Our versatile, new

& Beverage Cooler**  
is the life of any party.”

## COOL FACTOR

With five fabulous configurations to choose from, the new Zephyr Presrv® Kegerator & Beverage Cooler is the perfect appliance for entertaining family and friends or simply chilling at home.

- **Option 1:** One sixth-barrel or one slim quarter-barrel keg with a single tap kit and beverage shelving
- **Option 2:** One half-barrel keg with a single tap kit
- **Option 3:** Two sixth barrel kegs or one sixth barrel and one slim quarter barrel keg with double tap kit
- **Option 4:** Three sixth-barrel kegs with triple tap kit
- **Option 5:** Full beverage cooler with up to four shelves

\*All tap kits conveniently include a CO2 tank.
