3

ZEPHYR Presrv Refrigerator Drawers have presets for produce, beverage and wine modes, and the Quick Chill feature instantly lowers overall temperature. Complete with adjustable drawer organizers, the Energy Star-rated appliance is available in dual- and single-zones as well as a panel-ready option. zephyronline.com

Offered in six colors with chrome or brass trim, the FAB50 from **SMEG** is the largest of the brand's retro-styled refrigerators, with a capacity of 19.3 cubic feet. Adjustable shelves, a bacteria-neutralizing system and an automatic ice maker are modern conveniences of the Energy Star-certified unit. smeg.com
