ZEPHYR

VENTILATION & COOKING

Driven by the idea that everything in the home is an opportunity for personal expression.

Quiet Performance

Our range hoods aren't just powerful. They're powerfully quiet, serving up great ventilation free of noise so you can enjoy entertaining family and friends nearby.

Superior Craftsmanship

With an unrelenting eye for detail, we deliver exceptional quality, fit and finish you can see, feel and appreciate.

Performance Versatility

Our products offer a wide range of power and innovation starting with our Zephyr Connect technology, universal make-up air dampers, exclusive Airflow Control Technology™ (ACT™) and CFM levels ranging from 250 up to 1,300.

Zephyr Warranty

We back our products with an unparalleled level of service and a generous multi-year warranty.

Zephyr continues to lead the industry with innovations resulting in the most advanced range hood technology available today.

Zephyr Connect App

Zephyr Connect range hoods are compatible with the Zephyr Connect App, which allows you to control your range hood remotely from anywhere using a Wi-Fi network and internet.

PowerWave™ Blower

Designed to deliver best-in-class performance with unparalleled quiet operation, Zephyr PowerWave™ represents a breakthrough in kitchen technology. The first range hood blower with three-phase AC power, PowerWave™ has unique aerodynamic blades to help move up to 750 CFM of air while minimizing noise and improving efficiency.

PowerWave™ is also versatile by allowing you to combine two blowers together to achieve 1,300 CFM, making it the most powerful dual-internal blower on the market.

Airflow Control Technology™

ACT™, or Airflow Control Technology™, is a proprietary feature that limits blower CFM to ensure your home is safe and in compliance with local make-up air codes.

TruHue™

A bright idea: customize your hood's light to harmonize with the rest of your kitchen's lighting at the touch of a button with TruHue™ — anywhere from 2700K to 5000K.

ZEPHYR + **ZEPHYR
CONNECT**

At Zephyr, we're transforming the kitchen through design, discovery and customer care.

Control Your Hood From Anywhere

Control compatible range hoods remotely from anywhere, changing fan speed, lighting and more. The app seamlessly connects with smart devices such as Amazon Alexa or Google Home smart speakers for voice activation.

Receive Notifications and Reminders

Convenience is amplified further with detailed product information, reminders for cleaning or filter purchase/replacement, or simply to turn a hood off after use.

Customer Support Resources

The app provides quick access to warranty information as well as a library of how-to videos.

Available to download on mobile devices from Google Play or the Apple App Store.

THE COLLECTIONS

Our Designer, Core, and Pro Collections offer the ultimate combination: performance-driven technology and peerless design.

DESIGNER COLLECTION

At Zephyr, great design is never an afterthought or a luxury – it's a way of life. Along with our designer partnerships, we've created a visionary collection that fuses groundbreaking engineering with contemporary lines and an expression of artistry with powerful performance.

ISLAND

VISTA ISLAND (DVL)
The low-profile Vista Island hood has curved good looks and the engineering and power to back it up. Our Perimeter Aspiration System ensures increased air velocity and improved capture of contaminants for the cleanest cooking yet. Invisible Touch controls that stay hidden until you need them serve to make this hood as efficient as it is beautiful.
Size: 36", 42" CFM: 1,000, 600, 390, 290

LUX CONNECT ISLAND (ALU)
This sleek, minimalist hood features Zephyr Connect, giving you the ability to control it from anywhere, including from your smart speaker — and it discreetly mounts into the ceiling above your cooking surface for power and an unobstructed view. Available in white and stainless steel.
Size: 43", 63" CFM: 1,100, 1,000, 600, 390, 290
Compatible with Zephyr Connect App

TRAPEZE ISLAND (CTP)
Light and airy Trapeze is a streamlined reprieve from its bulky, conventional counterparts. Using a sleek suspension structure, the Trapeze seems to float in midair. Featuring directional LumiLight LED lighting and a graceful, slow-curve canopy, the Trapeze is more than a focal point — it's a statement.
Size: 36", 48", 54", 60" CFM: 1,000, 600, 390, 290

WALL

APEX WALL (DAP)
Exceptional style, plus the power and performance you'd expect from Zephyr. Featuring white or black glass with matte finish, easy Capacitive Touch controls and a recirculating option, the Apex Wall is a hood for today, tomorrow, and beyond. Also includes duct cover and remote control options.
Size: 36" CFM: 1,000, 600, 390, 290

OKEANITO WALL (COK)
The graceful, sweeping hood of the Okeanito balances softness and fluidity with cool linear elements to create a timeless design. Perforated side panels allow the Okeanito to radiate gentle ambient light, infusing its surroundings with a sense of grace and calm. Now featuring the most advanced directional LumiLight LED lighting and available in classic stainless steel and new brushed gold.
Size: 36", 42", 48" CFM: 1,000, 600, 390, 290

HORIZON WALL (DHZ)
Appearing to float above your cooktop, the iconic Horizon is back. Our original showstopper, Horizon will make every cooking session look and feel cooler. Featuring dual capture zones, capacitive touch controls, multiple blower options, hybrid baffle filters, and better-than-ever soft ambient lighting. Available in white or black glass with matte finish, and compatible with an optional remote control accessory.
Size: 36" CFM: 1,000, 600, 390, 290

LAYERS WALL (DLA)
Streamlined pyramid-shaped styling and a menu of blower options make this updated and improved Layers Wall the timeless classic hood your kitchen needs. Featuring our state-of-the-art Perimeter Aspiration System, which increases air velocity and improves the capture of cooking contaminants. Packed with a bevy of additional features like Invisible Touch controls and tri-level LED lighting.
Size: 36", 42" CFM: 1,000, 600, 390, 290

DOWNDRAFT

LIFT DOWNDRAFT (DLI)
The Lift Downdraft is everything you want in a luxury ventilation system – power, performance, and good looks. Featuring dual-level BriteStrip™ LED lighting, Tri-Capture Zones and 4-Way Ducting, the Lift is ready to help you rise to any occasion with the touch of a button.
Size: 30", 36" CFM: 1,000, 600

VISTA WALL (DVS)
Low profile, curvy good looks and matchless power add up to a hood that's at home in any kitchen. The cutting-edge Perimeter Aspiration System will increase air velocity and improve the capture of cooking contaminants for a cleaner cooking experience. Featuring Invisible Touch controls that stay invisible until you need them, the Vista Wall promises to seriously up your chef game.
Size: 30", 36" CFM: 1,000, 600, 390, 290

MESA WALL (DME)
Taking kitchen glamour to new heights, the Mesa Wall hood is available in three high-style finishes: satin gold, matte black, and stainless steel, for the very latest in kitchen design trends. With Invisible Touch Controls, hybrid baffle filters, and multiple blower options, the Mesa is set to become the hardworking star of the most fashionable kitchens. Optional accessories include an accent rail and duct cover in satin gold, matte black, or stainless steel; and a wireless remote control.
Size: 36", 48" CFM: 1,100, 1,000, 600, 390, 290

MICROWAVE DRAWER

BUILT-IN MICROWAVE DRAWER (MWD)
This drawer-style microwave takes you to the next level of ease and convenience. Enjoy a clutter-free countertop and deluxe features like touch open and close, touch controls, stainless steel exterior, a sensor cook button, quick buttons, and more.
Size: 24", 30" Power: 1000W

Easy Clean Coating
Smudges? What smudges? Stainless steel door finished with an anti-fingerprint coating prevents greasy fingerprints and sticky spills from building up.

Sensor Cooking
Precisely done: Sensor cooking measures vapor and humidity while the oven automatically adjusts time and power to yield good results, every time.

Capacity
Living large: Expanded capacity means food can go from fridge to microwave in the same container — accommodating a 9"x13" baking dish with ease.
